

Dear Parent/ Guardian,

During the last 12 months, we've worked with thousands of children in schools all over Cheshire and North Wales. We're delighted to be returning to your child's school to run our latest Digital Wizards club with lots of **new, exciting activities using the latest technology.**

Kate Barrett recommends Digital Wizards.

My son thoroughly enjoyed digital wizards at his school! Every session he had so much fun and learnt so much! Amazing! Thank you

Matthew Riley recommends Digital Wizards.

Digital wizards attended my daughters school this term and she absolutely loved attending the sessions! Many thanks

Kristina Stacey recommends Digital Wizards.

My son loved the sessions - lots of variety, well led, really enjoyable (and wants to learn more)! Thank you!

Your child will have fun using thousands of pounds' worth of the latest technology whilst also developing vital STEM skills in Computing, Maths, Science, English, Music and DT. Activities include...

Virtual Reality

We've invested in some fantastic **new** virtual reality kit to immerse your child fully into a range of exciting new worlds.

Design a games controller

Use the magic of science and technology to build your very own controller. Then test it out playing a variety of different games.

Bring your Lego to life

Build & code a robot using our exciting **new** Lego kit then let the magic begin. Use motors, sensors & technology to bring the project to life!

Robot challenge

Can you rise to the challenge? Use ramps & slides to build your course then program a robot to twist, turn & weave its way through.

CLUB INFORMATION

There will be five sessions for Key Stage 2 children running every Friday before school from 17th January until 14th February 2020. Each session will begin at 8.00 am and run until the start of the school day.

It's **quick** and **easy** to register and **pay online**. Take a look at the video and book your child a place by visiting:

digitalwizards.org.uk/overleigh

Our clubs are **extremely popular** and quickly get booked up so we advise parents to **book early** to confirm your child's place and avoid any disappointment.

LIMITED AVAILABILITY!

Darren Bevan recommends Digital Wizards.

My son Finlay really enjoyed digital wizards at abermorddu school. he learnt such a lot about technology and couldn't stop him talking about it when he got home. fully recommended and worth every penny! thankyou digital wizards!

Anthea Marsland recommends Digital Wizards.

My 10 year old daughter had a great time attending Digital Wizards breakfast club at Weaverham Forest School. She learnt lots of new digital skills and enjoyed all the activities especially the VR. She is looking forward to you coming back next year thank you.

Natalie Harrison recommends Digital Wizards.

Harry has REALLY enjoyed the Digital Wizards after school at Club at Mickle Trafford school. He is full of excitement when he leaves. He is eager to know when it is at school next year and is now booked on to the holiday club at his request! Thanks to all at Digital Wizards for making it so much fun!
